

*The following are the **only official** recommendations of the Howard Jarvis Taxpayers Association and the Howard Jarvis Taxpayers Association Political Action Committee.*

JUNE 3, 2014, BALLOT RECOMMENDATIONS FOR TAXPAYERS

The Howard Jarvis Taxpayers Association takes positions on issues of direct concern to taxpayers. We also may take positions on ballot measures that will impact the economy. This is because, as taxpayers, we know from painful experience that when the economy turns sour and tax revenues go down, governments' usual first reaction is to reach for the taxpayer's wallet.

HJTA recommends:

Prop. 41 Veterans Housing Bonds

PLEASE NOTE: HJTA has changed its position on these bonds after additional information was brought to our attention by several alert HJTA Members.

Usually veterans bonds provide low interest mortgage loans to those who served our country. These bonds are repaid by the veterans themselves and Howard Jarvis always supported these bonds. However, a more detailed review shows that Prop. 41 bonds will be used to construct low income housing and the costs will be paid by state taxpayers.

VOTE NO!

Prop. 42: Requires local governments to comply with Brown Act and Public Records Act regardless of whether or not they are reimbursed by the state.

Very important to guarantee that local taxpayers have access to public records.

VOTE YES!
